ALWAYS ON TIME

Our hotel toiletries have been designed and created with you and your guests in mind. We understand the hotels' quest to offer exceptional guest experience. As such, we have created over 10 different collections to cater for different types of properties. Spa Pure leads the industry with our packaging design as well as quality offerings.

Spa Pure is the pioneer in the area of organic products. We are the first company in the world to use seaweed in hotel toiletries. The special collection "purely-Seaweed therapy" has been adopted by some of the world's leading resorts. The collections also has received several accolades including the prestigious international magazine "Robb Report". Our products are made under GMP certified facilities. The products carry product liability insurance from a global insurance company for certain markets.

For boutique properties, there is no need for large orders as we keep in stock most of our collections.

**OUR BRANDS ARE WORLD LEADERS -
LET US MAKE
YOUR GUEST EXPERIENCE GREATER**

Hello we are team NJSC

Thank you for taking your time to read our company's presentation.

Natural Joint Stock Company (NJSC) was founded in HCMC, Vietnam in 2005. The company has three lines of business: manufacture and distribute premium hotel toiletries, retail of skin care products and spa management.

We are a small but dynamic company with 120 people and growing.

As one of the region's leading toiletries distributor, NJSC is dedicated to bring great bathroom experience to our hotel partner's guests. The company owns two brands: Spa Pure and PurelySeaweed Therapy. The mission of Spa Pure is to bring a great bathing experience for hotel guests where ever Spa Pure is available in the world.

In 2014, we worked with the leading researchers on seaweed to launch PurelySeaweed Therapy, one of the first hotel toiletries lines to use seaweed as a key ingredient in all products.

We are also privileged to work with the world's leading toiletries brands: L'Occitane, Molton Brown and THANN. Recently our company was also appointed as the exclusive distributor for Colgate toothpaste (5g/10g) in Vietnam.

We are looking to serving you and your guests on time, every time.

Best wishes,

Nguyen Ngoc Lan

The special collection "purelySeaweed therapy" has been adopted by some of the world's leading resorts. The collections also has received several accolades including the prestigious international magazine "Robb Report".

Our products are made under GMP certified facilities.

For boutique properties, there is no need for large orders as we keep in stock most of our collections.

Spa Pure toiletries are offered in 7 key scents. However we will work with the clients to develop your own proprietary scents.

PRODUCTION : INTERNATIONAL INDUSTRIAL EXPERTISE

We have international expertise in development and production methods.

We have a large production capacity thanks to our specialized contract manufacturer. We are also able to offer boutique properties with small quantities in short turn around time.

Whatever your location, we guarantee quality and compliance nationwide.

OUR PRODUCTION METHODS

RELIABILITY OF SUPPLY

We strictly monitor our manufacturing and can guarantee the availability and continuity of products throughout the country. The same product can be packaged at different sites, thereby ensuring the smooth flow of production and guaranteeing the reliability of supply.

A RESPONSIVE AND FLEXIBLE PRODUCTION TOOL

Our production facilities have been designed to be able to increase their production capacity if necessary and without delay.

QUALITY CONTROL

All our manufacturers work according to the international cosmetics industry's most stringent specifications.

They agree to follow precise product specifications and comply with Good Manufacturing Practice.

We guarantee impeccable manufacturing quality for all our output.

We offer Ecocert ingredients as well as Ecolabel upon request by clients.

COSMETIC REGULATIONS AND USERS' LABELS

We guarantee the safety and compliance of all our cosmetic products. We are in compliance with the Vietnamese regulations and our manufacturers comply with the Good Manufacturing Practices.

Our cosmetic lines respect the most recent local and international regulations. Based on the most stringent ASEAN laws, our products are exported regionally. This expertise ensures product quality and usersafety. We also carry product liability insurance.

SCENTS

Ben Tre Kumquat

This is a very refreshing and uplifting scent. It is also a scent which will remind the traveler of Saigon during spring time. Kumquat is a tree which is very popular during Tet.

Tangy Lemongrass

Our lemongrass is specially sourced from a special variety in Cu Chi. This type of lemongrass gives a unique sweet scent.

Old Hanoi Quarters

This is a very unique scent developed by a top consulting mixer. Our Old Hanoi Quarters is an inspirational scent for the discerning travelers looking for a unique local experience. The combination of coriander seeds and black pepper in bath products will guarantee you feeling refreshed after your hot shower.

Grapefruit & Pomegranate

Grapefruit has a fresh, citrus aroma that is highly energizing and uplifting. Rich in the powerful antioxidant d-limonene, it is nourishing to the skin. We blend our grapefruit with fir needle oil and a touch of rosemary to further enhance the sweetness.

Bergamotto di Toscana

This is our only "European" inspired scent in the collection. This special scent was developed by a prominent mixing house in Italy. Spa Pure is the only brand with this scent in Vietnam.

Tokyo Green Tea Matcha

Green tea is an intimate part of Japanese culture. This is a faintly sweet scent which mixes well with bath products. Our green tea is mixed with mint and a touch of jasmine.

Coco de Mer

The scent of Coco de Mer conjures up tropical beaches with white sand and palms leaning above and reflecting in turquoise water where this magnificent fruit grows. This is a great scent for beach properties. The scent is so delicious it is almost edible.
